This Internship program with Center for Human Securities Studies (CHSS) and Telangana Social Welfare Residential Educational Institutions Society (TSWREIS) aims to educate the girl interns about the Internal Security and External Affairs of India. The girl interns got to interact with IAS, IPS, IFS officers and academics from various prominent institutes. These officers improved the knowledge and awareness of the girl interns about the Internal and External challenges that India faces. These officers also encouraged and motivated the girl interns by using their own personal stories. They also advised the interns for the preparations of civil service exams. This program helped the girl interns who were only 18 years of age and who were currently doing their undergraduate studies in B.A, B.Com and B.Sc from TSWREIS. As a result of this program the girl interns improved their soft skills, time management, English communication skills, and knowledge of Indian Internal Security challenges, External Affairs of India and International Affairs.
